FROM : Chief, Training Assistance Staff, Operations School

SUBJECT: Weekly Activity Report #35
2 - 8 November 1965

A. SIGNIFICANT ITEMS:

None to report.

B. OTHER ITEMS:

1. CHINESE NAMES:

[redacted] CI Staff, is engaged in reproducing a number of booklets and papers which are either out of print or have never been published before. According to Lou, the Federal Bureau of Investigation has attempted to keep files on [redacted] in the United States without having these "crutches" available. CI Staff agreed to provide the basic [redacted] booklets and later, in conversation with FE Division, discovered that FE has additional materials which it considers indispensable. Before sending the materials to Reproduction, Lou decided to check with other Agency components as to the numbers of copies needed by each.

I arranged for [redacted] to get together on OTR's needs. Meanwhile, I suggested to Lou that he consider ordering a sufficient number of copies for release, on request, to other members of the intelligence community. Roy supported my recommendation that distribution should include everyone who has a legitimate use for them. He will report in more detail on his discussion with [redacted] in his next Weekly Activities Report.
